

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

LEWIS C. DAVIS  
and  
DENNIS G. DAVIS

COMPLAINANTS

VS.

BOONE COUNTY WATER AND  
SEWER DISTRICT

DEFENDANT

CASE NO.  
90-061

O R D E R

On March 19, 1990, the Complainants filed a formal complaint with the Commission against Boone County Water and Sewer District ("Boone County"). The Complainants alleged that Boone County refused to reimburse them for meters placed on water-main extensions built beyond the extension paid for by the Complainants. By Order issued on June 8, 1990, the Commission dismissed the complaint without a hearing, finding that even with the disputed facts construed in the light most favorable to the Complainants, Boone County was not authorized by regulation or its filed tariff to reimburse Complainants for meters placed beyond their extension.

The Complainants, by letter received at the Commission on June 21, 1990, have requested the Commission to reconsider its decision. In their letter, the Complainants provide additional

information regarding circumstances surrounding the building of their extension. After reviewing the additional information, the Commission finds that there is a sufficient factual dispute regarding certain matters to merit the granting of Complainants' request for rehearing.

IT IS THEREFORE ORDERED that the Complainants' petition for rehearing be and it hereby is granted. The hearing shall be held on August 15, 1990, at 9:00 a.m., Eastern Daylight Time, in the Commission's offices at 730 Schenkel Lane, Frankfort, Kentucky.

Done at Frankfort, Kentucky, this 11th day of July, 1990.
